Haruto got a big promotion, unheard of in the Kagaya Group, to be the secretary of the 22-year-old vice president, Kagaya Yoshinari, just because he's the childhood friend of the newly-appointed VP.

After 4 years without seeing each other, young Yoshinari grew into a surprisingly fine man. However, inside he's still the same old irritating brat.

Upon their meeting, Yoshinari, using his authority as VP, immediately pursued Haruto to devote him his—— virginity!!?

And so it begins, the stormy and seductive tale of secretarial work ♥
